

CURRICULUM VITAE – ADAM JACOBS

INFORMATION

Adam Jacobs
tel: +46704799492
email: jacobs_feld@hotmail.com

Using optimism and curiosity to lead technological innovation. I use my experience in leading digitalization projects and hands-on knowledge of applying technology as a toolbox. Realizing amazing tech as viable business to customers make my clock tick. Currently a board member of THS (Student Union at KTH), which involves change management and decisions that affects many people.

CORE VALUES

Listen! There's always someone that knows more than you on a specific subject. Effective leadership is complementing your own skills
Performance! It is achieved via effort and not how smart you are. There are no limits. If you don't know enough, then learn!
Courage! Making tough decisions, standing out and being innovative takes courage. I like to spread it to others since it will then spread back to you in other ways.
