CURRICULUM VITAE – ADAM JACOBS

INFORMATION

Adam Feldstein Jacobs
tel: +46704799492
email: jacobs_feld@hotmail.com

Using optimism and curiosity to lead technological innovation. I use my experience in leading digitalization projects and software engineering in production as a toolbox. My core philosophy are (1) performance is achieved via effort - if you don't know enough then learn! (2) Don't be the smartest person in the room! (3) Have the courage to re-think, and spread the courage to re-think.

EDUCATION

KTH Computer Science, MSc Machine Learning (grad. 2022), favourite courses:
DD2380 Artifical Intelligence
DD2421 Machine Learning
EN2720 Ethical Hacking
DD2350 Algorithms, Data Structures and Complexity

Leadership course for children summer camps

PROJECTS AND VOLUNTEERING

Personal Projects https://github.com/worldyn. Everything from machine learning to system programming to web applications

AI games - developing agents in games in AI course

Chairman Nomination Committee (THS) - current

Bachelor Thesis using GANs Effects of Transfer Learning on Data Augmentation with Generative Adversarial Networks. Over 300 views on kth.diva-portal.org!

Jury Member Business Model Awards 2020

Board Member Tekniska Högskolans Studentkår (THS) (july 2019-2020)

System Developer THS Armada Career Fair 2017. Backend and DevOps

Team Leader for 10 people at company Greenlytics, soft. engineer. course 2017. Data Mining and filtering for their ML algos.

App Developer Rudbeck Gymnasium (Awarded tech project) 2016
