CURRICULUM VITAE – ADAM JACOBS

INFORMATION

Adam Jacobs
tel: +46704799492
email: *adamjac@kth.se*

I enjoy taking the lead for technological innovation that empowers people. I use my experience in leading digitalization in education and interest in programming and science as a toolbox. My vision is to make sure that as many people as possible can be part of how Artificial Intelligence and modern computing exponentially improves our world.

CORE VALUES

Rethink what you are doing. Being able to stop and reflect and perhaps change your ways is an important aspect.
Diversity helps us empower each other with many different skills and experiences which is needed in our complicated world
Performance is achieved via effort and not how smart you are. There are no limits.
